1. What are three things you learned or insights you gained this year from doing this project?
  - a. Some of the difficulties of lighting.
  - b. How to crop photos.
  - c. Benefit of increased resolution.
2. What would you like to describe or share about your exhibit that we can't see easily in your uploaded photos or documentation?
  - a. The narrow band of focus that the camera could see.
3. What steps did you take to complete this exhibit?
  - a. First, I took pictures at different ranges, with different settings, and on and off a tripod.
  - b. Then I selected a picture with details that were in focus.
  - c. Finally, I cropped out those details.
4. If you did this project again, what would you change or do differently?
  - a. Get equipment that could zoom and focus much closer in, like a macro lens or extension tubes.
5. How will you apply what you have learned to your life?
  - a. Test and refine how I do things.
