

## Woodworking Exhibit Skills Sheet

Name: Daniel Whitley Club/County: JeffersonLevel: ☐ Level 1☒ Level 2☐ Level 3☐ Level 4

(must demonstrate a minimum of five skills for the appropriate level from the Indiana 4-H woodworking tools, techniques and skills chart)

Note to Judge – While the entire exhibit is to be evaluated and critiqued, special attention and consideration is to be given to the five skills listed below.

## Skill Description

## Tools and Techniques Used

1. Cutting
2. drilling holes
3. planing wood
4. staining
5. making joints

table saw

electric drill

hand plane

Varnish

doweled joints

Other skills, tools, and techniques:

---

---

---

---

---

---

---

---

---

---

Include a diagram and assembly description on the back or attached to this skills sheet.

## Indiana 4-H Woodworking Tools, Skills and Techniques

Youth and their mentor/volunteer leader/instructor should use this chart as a guide when deciding appropriate tools and skills to use and incorporate in a woodworking exhibit. While this list is a guide, it is not meant to be an all-inclusive list and youth should demonstrate skills they are most comfortable mastering with tools used. For example, some youth in level 2 might feel comfortable attempting level 3 tools/skills, but it is unlikely that a level 1 exhibitor will be able to successfully master the level 4 tools/skills. Youth are encouraged to utilize a number of resources such as web sites, print material, social media, and television shows when learning woodworking skills. Skills learned from these types of resources may be demonstrated provided they are age/grade appropriate.

The "X" indicates suggested level to learn respective skill. Exhibits must include a minimum of 5 techniques from their level indicated in the chart below but may include additional techniques from other levels as deemed appropriate, but nevertheless will be evaluated for quality. For example, Level 3 exhibitors may use any techniques found in Level 1 or Level 2 but the exhibit must include a minimum of 5 Level 3 techniques. Level 4 may use any techniques found in the lower three levels but must have a minimum of 5 Level 4 techniques.
