General Exhibit Information Form

What did you plan to learn or do? (What was your exhibit goal(s)?)

I wanted to make a bag that I could take with while babysitting to entertain the kids and a booklet that I could put important information in.

What steps did you take to learn or do this? Explain what you did so it is easily understood. The judge wants to know and understand the steps you used to make your exhibit.

1. The first thing I did was research different important information papers that people put together that they use when watching kids. Some of them had little information and some had an overload. So I found the most important items to put on the paper. I used google drawings and typed up the information needed. I then added some pictures in the empty space. I printed a couple of copies and put them in a folder.
2. Then I researched and watched some videos on what people put in their "fun" bags. I put a list together of items to put in the bag.
 - Puzzle
 - Baby Wipes
 - Coloring/Activity Books
 - Crayons
 - Foam craft kit
 - Card Games
 - Mini First Aid Kit
3. I took my list to Dollar Tree and picked out the items. We went to Dollar Tree because you can find games and other items at a reasonable price. I also bought some extra things to put in the bag.
4. We went to JOANNS where I got the bag and a foam animal craft kit.
5. I added a personal bag with socks, deodorant, chapstick and a first aid kit. I also added some toy cars my brother doesn't use anymore. I also added a bag with crayons and glue sticks (for the foam kits.) and will add a charger in when

needed.

6. I then labeled everything.

When going to different houses I won't bring everything in the bag. Depending on the ages. Like the magic towels I will only have one or two in the bag at a time.

What were the most important things you learned?

Something important that I learned is that you can get a lot of items from Dollar Tree and not spend a lot. I also learned that you need to find/get items that can entertain different ages and genders.
